Big Ws: Overlaying in printing

- 1) **Transfer** the stencil design onto the poly-block by **tracing** it. Then on the poly-block, draw on the design with a **sharp pencil**.
- 2) Use a **roller** to ink the first coloured ink. This needs to be the **lightest one**. Mark out the **corners** of the block onto the material with a pencil before removing the printing block.
- 3) **Cut out** the parts that will **remain** the lightest colour using a sharp pencil. Ink the **second-lightest colour**. Match up the **corners** of the block with the markers on the material.
- 4) Repeat step three for the **darkest colour** if three colours are being used in the design.
